OUR SPIRITUAL GUIDE

Anything and everything in this World can be seen by alternative source of light but to perceive the Sun we need sunlight itself. Be your own Sun and spread the light of hope all over the world.

REV. ARKADYUTI CHAKRABORTY (BABAI DADA)

FROM PRESIDENT'S DESK

The foundation of the Shubham Charitable Association was established in 1998 by the auspicious blessings of the Reverend Babai Da (Great grandson: Yuga Drosha Yuga Purush, the ultimate loving Sri Sri Thakur Anukula Chandra) of the Satsang.

To upgrade, make the students self-supporting, to be able to give them meaningful efforts for the health, education and values . To instill in them a sense of duty towards Nationality and Humanity.

Shubham keeping our goal of Kaushal Bharat, we started the work of self-relieving women through sewing, embroidery, mobile repairing, beauty training, etc. through our own center. We have been giving lectures through various schools with the aim of making social, family and national consciousness a part of public awareness by experienced speakers to the students of schools, to try to raise the falling level of family dignity. Shubham regularly conducts health awareness programs in remote villages through a team of skilled doctors, lectures and exhibitions etc. So that the tribe can have a healthy life. Through all our years of work and constant social inspection, we have been able to know that Meghalaya, which is a matriarchal dynastic state, due to lack of awareness especially in the villages, lacks basic infrastructure. Shubham has a notion of uplifting this village lifestyle by supporting them in every aspect of their daily life.

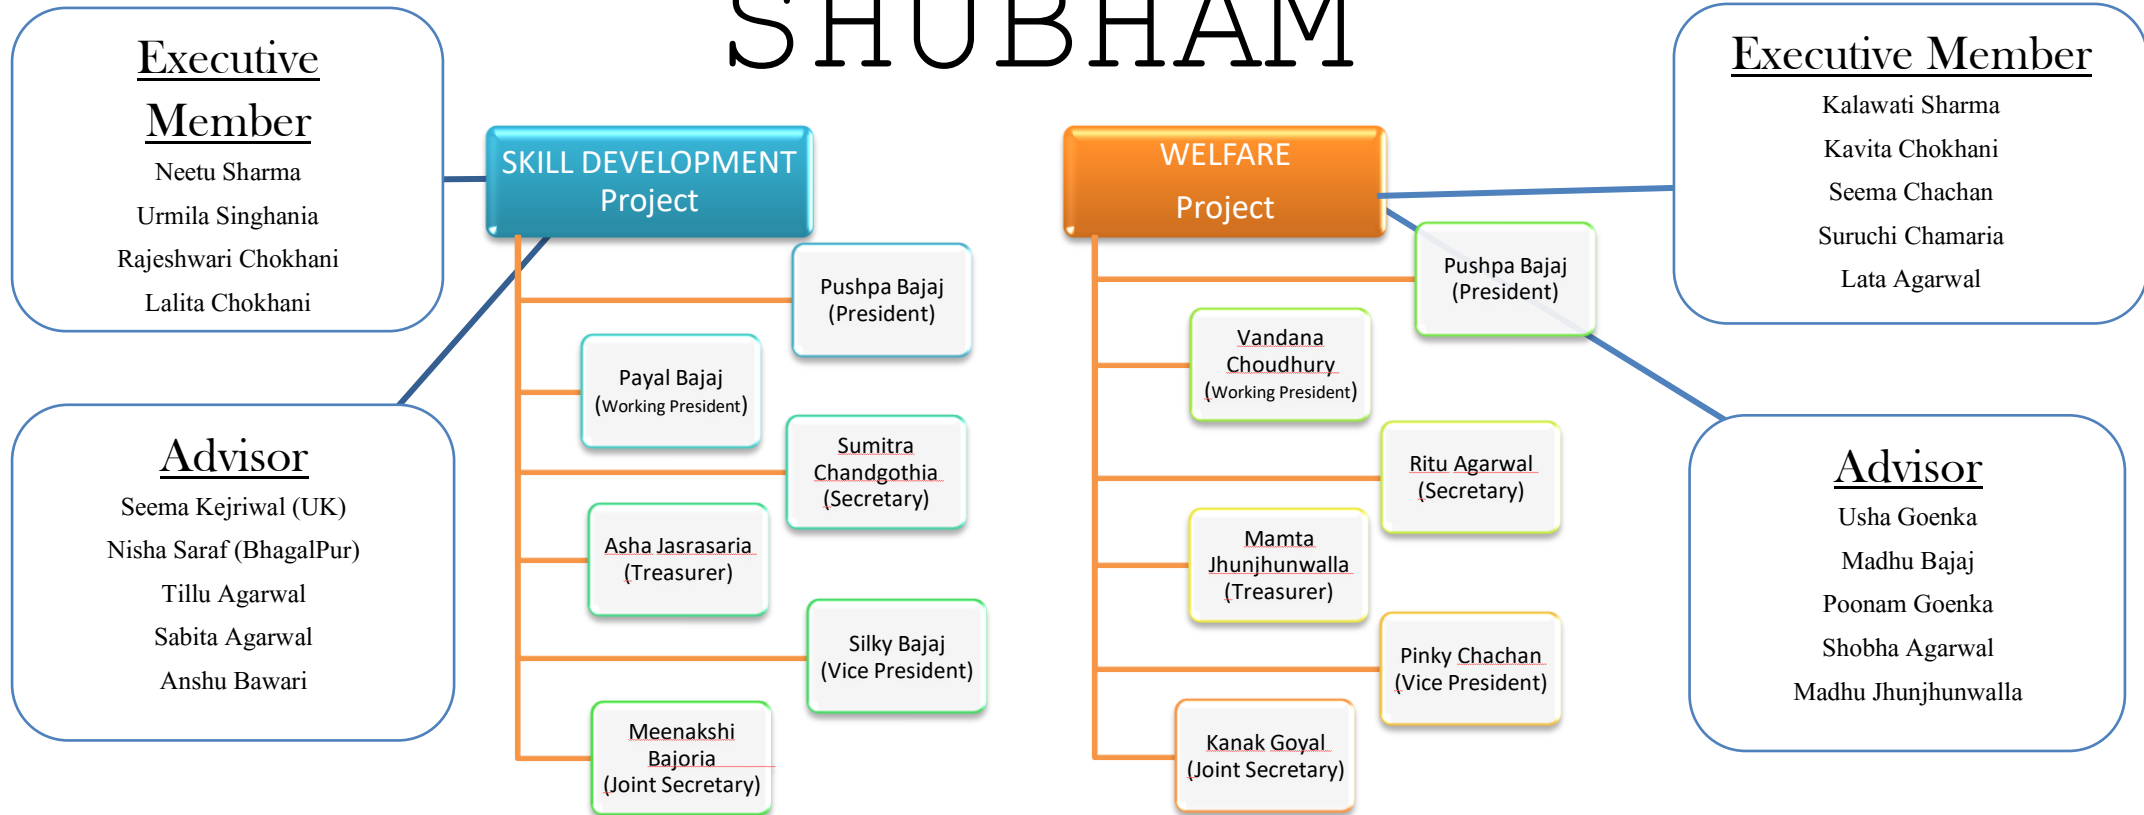

We have been greatly inspired by Prime Minister Shri Narendra Modi's dream plan "Pradhan Mantri Kaushal Vikas Yojana", which is one of the biggest schemes of all skill development till date, for which he has also created a separate ministry. We have started fully equipped training centers in every way by joining with this scheme. Also, we are continuously studying for the upcoming projects by the state and central govt. like KVIC, PMEGP, SFURTI etc.

Everyone should prosper in their life physically, mentally and also spiritually this is what I always pray and this should be the human life meant for.
